

## Filling Our Shoes: Where will the next generation of local officials come from?

Tuesday, June 20, 2017 10:00 am – 11:30 am

We know that large numbers of Wisconsin's local officials are approaching an age where they'll be vacating their elected and appointed positions, in increasing numbers and with increasing frequency. The important task of finding and developing people to replace them is one every official—and every community resident—should be concerned about. Learn how Wisconsin's local government and related organizations are thinking about and preparing to meet this challenge.

### Voter Registration and I.D.

Tuesday, October 4, 2016  
10:00 am – 11:30 am

As we look to the fall elections, there may be uncertainty about what laws, policies and procedures are in place that will affect voter registration and photo I.D. requirements. This is your opportunity to receive guidance directly from staff at the Wisconsin Elections Commission (WEC) and get answers to your questions. WEC staff will also be providing an overview of municipal clerk tasks as they relate to the November election and beyond.

### Fire and EMS Planning Amid Changing Demographics

Tuesday, January 17, 2017  
10:00 am – 11:30 am

Local fire protection and emergency medical services are critical community services that Wisconsin residents count on. However, changing conditions relating to customers and service providers will have a significant impact on how these services are provided and funded. Learn what changing demographics service delivery challenges are revealing about how communities will need to plan for, fund, and deliver these critical services.

### Cybersecurity

Tuesday, February 21, 2017  
10:00 am – 11:30 am

We read almost daily reports about sensitive computer information being lost or leaked. Data breaches come in many forms—stolen laptops, misrouted emails, careless website updates, employee error, viruses and hackers, to name a few. Participants in this session will learn from the experts about the common threats and steps you can take to protect yourself and your government's computer systems.

### Road and Transportation Funding

Tuesday, May 16, 2017  
10:00 am – 11:30 am

We are a state, like many, with an economy that relies heavily on the condition of our roads and transportation system. Representatives from the state's major local government associations will lead a discussion during this program about some of the strategies that could be employed to best address the lack of funding for the state's roadway system. While not a new issue, the absence of strategies and solutions will be felt for years to come.
